DRUNKEN PRISONERS HOLD HIGH CARNIVAL

Two Men Secure Riot Gun and Terror ize Inmates of Morristown,

N. J., Jail.

MORRISTOWN, N. J., Nov. 4.—Two drunken prisoners, with a riot gun and 1666 rounds of ammunition, held high carnival at the Mortis county jail from midnight till dawn today, terrorizing other inmates, riddling the keepers' office with bullets and failing in their plot for a wholesale jail delivery only because they drank too much liquor after escaping from their cells.

The prisoners, Eugene Sampson and John Burns, were placed last night in the hospital ward with several other prisoners, charged like themselves with minor offenses. They picked the look of a door which leads into the keeper's office. On entering the office they broke open a desk and procured a bottle of ilquor and drank it.

Next they broke into a storeroom and obtained a riot gun and ammunition. Returning to the hospital ward, they closed the door and began firing through it. At daylight when the deputies and keepers entered the jail they found the inmates in a state of terror. Burns and Sampson were asleep.

Stuart's Dyspepsia Tablets Bring Joy to the Starving Dyspeptics Who Cannot Safely Eat.

* To seat one's self at a festive board or a heavily laden table and not be able to eat is positive sorrow to most dyspeptics and stomach sufferers, and likewise pain.

When your system is robbed of its natural digestive fuces, in their correct proportion, a little candy-like Stuart's Dyspepsia Tablet gives to them the qualities they lack and you thereby rest the digestive apparatus and allay irritation, pain, gas and stomach trouble.

Pepsin such as used in a Stuart's tablet is one of nature's greatest aids; and when this is combined with the other ingredients you simply bring happiness to every worn-out nerve of the stomach, liver, intestines, pancreas and other organs.

JUDGE MARSHALL'S **OPINION SUSTAINED**

Under Jurisdiction of State Court Receivers.

KANSAS CITY, Nov. 4.—The property of the Kansas Natural Gas company legally is under the jurisdiction of the state court receivers appointed by Judge Fiannelly in Independence, Kan., according to a decision handed down today by the United States circuit court of appeals in St. Paul, Minn., according to a telegram received here by John H. No Time Should be Lost in Purifying Your Blood.

Many people believe boils are a sign of health. It is a sign of sick blood. It is an indication that the circulation is singgish or loaded with acids and impurities to cause breaking down of the tissues.

At the first appearance of pimples and boils the blood should be given a good searching internal bath with S. S. S. the greatest blood purifier known to man.

This remarkable remedy has the peculiar action of soaking through the intestines directly into the blood. In a few minutes its influence is at work in every artery, vein and tiny capillary. Every membrane, every organ of the body, every emunctory becomes in effect a filter to strain the blood of impurities. The stimulating prop-erties of S. S. compel the skin, liver, bowels, kidneys, bladder, to all work to the one end of casting out every irri-tating, every pain-inflicting atom of poison, it dislodges by irrigation all eccumulations in the joints, causes acid accretions to dissolve, renders them neu-tral and scatters those peculiar forms. tral and scatters those peculiar forma-tions in the skin that cause boils and other skin eruptions.

constructive process so under control that remarkable changes are observed. All eruptive praces heal, mysterious pains and aches have disappeared, and from head to foot there is a conscious sensation of renewed health. That strange moody, morbid feeling of depression is lifted and the entire system responds with surprising energy.
